

NIJ 06 BODY ARMOR

ABA Xtreme Body Armor

Call 800-876-4242 for more information or visit galls.com

A great blend of performance and value

NEW

New! Available in three threat levels.

- Made of Twaron Microlaminate and Gold Shield GN-2115
- Ballistic panels have hybrid material design with perimeter stitching and a waterproof panel cover
- Comes with a 5" x 8" soft trauma plate and one carrier
- Internal panel suspension system secures armor panel inside carrier
- External material made of 100% double-cloth
- Combination 4- and 6-point strapping system provides maximum adjustability
- Internal liner made of antimicrobial mesh which repels micro-organisms and reduces odor
- Dual special threat plate pocket allows for insertion of IMPAC plates (5" x 7", 5" x 8" and 7" x 9")
- Retention tails (front and rear) helps to reduce shifting of armour panels
- External, hidden zippers for easy insertion of armor panels

Complies with NIJ 0101.06 armor standards.

Colors: navy and black, see left.

Made in USA.

ABA Xtreme Advantage Vest
